

Your Trusted Real Estate Advisors

The Chong Miller Group, llc is an independent real estate team. However, Nevada law and regulation states, in order to practice real estate, agents must 'hang their licenses' with a brokerage. This gives rise to a couple options: either open one's own brokerage, or associate with another.

Chong Miller Group has joined with Paradigm Realty, a Las Vegas-based real estate brokerage.

After conducting many interviews, Jason and Justin decided Paradigm Realty provided the Chong Miller Group the greatest flexibility and resource-mix to best meet the needs and aspirations of our clients. Therefore, we decided this association represented a superior solution to other brokerage options. Associating with Paradigm relieves us of the day-to-day management of other agents, thereby reducing our cost of service-delivery, while also still providing us access to a high-quality bench of associated agents, and the knowledge and capabilities that entails.

Chong Miller Group, llc, remains independently owned and operated.
